

Press Release November 23, 2020

新聞發佈 2020 年 11 月 23 日

**Subject: Custom-made capacitive touch screen Kiosk with build in their own Media Player for The University Of Hong Kong (幫香港大學定制電容觸摸屏立式廣告機內置其播放器)**

On November 23, 2020, Cybersys helped the customer customize the capacitive touch screen Kiosk with a built-in player that is input to the touch screen via HDMI. When the HDMI has input signal to the touch screen, the touch screen will automatically turn ON; When HDMI no input signal to the touch screen, the touch screen will automatically turn OFF.

在 2020 年 11 月 23 日，Cybersys 幫助客戶定制了電容觸控式螢幕廣告機，內置了客戶的播放機，播放機通過 HDMI 輸入到觸摸屏，當 HDMI 有信號輸入到觸摸屏時，觸控式螢幕自動開啟；當 HDMI 無信號輸入到觸摸屏時，觸控式螢幕自動關閉。
